

Prayer for the people of the **WEST**

The Latin American children continue to be born
Claiming their natural right
To enjoy a place under the sun
In this splendid land
That could provide to everyone
What to everyone is denied.

We pray for the south
For our land, for the devastation of the Amazonia,
lung of the world
For the effects of La Niña in Chile and Peru.
For the guerrilla in Colombia and Central
America. For the violence in Venezuela..
For the hunger in the Caribbean
For potable WATER. Scarce resource that abounds
in our land.
The mining and the abuse of the plantation of
soy and eucalyptus.

GOD protect us, guide us. Illuminate us
